

Leave No One Out: Community Training in Emergency Planning

Every organization **should be prepared** for an emergency **but are you?** Is your organization prepared to deliver its services to your most vulnerable clients if a disaster hits? How will your organization respond to a large scale emergency? What will your role be in the community?

Volunteer Richmond Information Services and Richmond Centre for Disability team up to deliver a valuable workshop to help your organization plan for an emergency. This workshop will get you talking about Service Continuity and Emergency Preparedness with a focus on ensuring that people with disabilities are not left without support.
